

Alumni Banquet Saturday Night

There's no question now that dear old GHS has a soft spot in all our hearts. Two hundred and fifty reservations are in for the banquet Saturday night. The ticket sale has been stopped due to circumstances so those who didn't get their tickets will have to get in on it next year. We're really sorry but there's nothing we can do about it.

A program has been lined up by our committee and dancing will close the evening. You who couldn't get to the banquet are invited to come in later to dance and see all your old school mates. The ad will be in the early on Saturday evening. Please feel free to come in and browse around if you care to.

Membership cards will be sold at the banquet. All those who could not attend will be notified by our elected secretary as to dues and membership cards. As an extra honor, all those signing up within a designated time will be considered charter members of the G. H. S. Alumni Association and will go down in our records as such.

This is just about the end of my story, friends, the final chapter will be written up at the banquet. It's been fun working on this and the response has been great enough to compensate for our efforts. We'll see you Saturday night and the best to all of you.

Grayling Fire Department News

A second make-believe fire was staged on Monday night May 26, this time the fire being at Smiggen's Diggins. This fire was more realistic with the big fire whistle blowing the usual three blows, the firemen and trucks rushed down with sirens blowing and hook-up with a double hook-up with a push. While we had water in the hoses we tested 10 lengths of hose.

After the hose test and practice, we made a complete tour of Smiggen's building, checking the layout of the buildings, how we could get into the basements, how we could fight a fire upstairs in the hotel.

We also checked where the fire switches were located. We checked their heating system and everything in the building which would be of some help to us in case of a real fire. We also checked their fire extinguishers and found they had been recharged on Feb. 27, 1952 so we know they are in working condition.

We wish to thank Mr. Smiggen for showing us through his buildings. In time we hope to go through all the business places in town the same way. We feel that in case of a real fire, if we know the layout of the business places it will greatly help us in fighting a fire.

One more thing I would like to mention about this make-believe fire at Smiggen's is, when the fire whistle blew, there were several Grayling people who drove cars too close to the fire trucks. Five hundred feet is the distance you should stay behind the fire trucks. You should know that tickets are being issued for the disregard of this rule. Following the trucks too close has always been a big hindrance in our town. After all, it's very important that the fire department gets to the fire as soon as possible. It may mean your home or even your life because of this. So, after this, please wait until the firemen and trucks answer the fire call and then if you want, go to the fire but stay 500 feet away so the firemen can work without your being in the way.

After our tour, we went back to the fire hall and took care of our wet hoses and reloaded the trucks. We also put new coup plugs in one new hose.

The meeting was adjourned by Chief Middle LaMotte at 9:30 p. m.

Sixteen members were present.

County G.O.P. Ladies Enjoy Dinner Meeting

Last Wednesday evening, May 21st forty-seven Republican women met in the dining room of Shoppengans Inn for a seven o'clock dinner.

Mrs. C. G. Clippert, vice-chairman of the meeting, Rev. R. C. Puffer, candidate for the United States Congress, 10th district, on the Republican ticket gave the invocation and following dinner address to the group. His subject was "We Face a Three-fold Crisis."

Speaker of the evening was Mrs. Ray Hooker, National committee woman of Michigan, of Mt. Pleasant whose subject was "My Party." She explained what the party had and had not done and what it does and doesn't stand for.

At the meeting a Republican Women's Club was formed. Elected as officers were: Mrs. C. G. Clippert, president; Mrs. John Macaulay, vice-president; and Mrs. Eva Lewis, secretary and treasurer. District chairman appointed were: Mrs. Ace Lang, Frederic; Mrs. Wells Kellogg, North Branch; Mrs. Carl Strobel and Mrs. John Alef, Lake Marquette; Mrs. Ruby Dyer, South Branch; Mrs. Harriet Stocking, Lovells and Mrs. Arthur Howse, Maple Forest.

Out of town guests were Mrs. Irene Smith and Mrs. Inez Snyder of the Heights and Mrs. Ace Lang, Mrs. Robert Lozon and Mrs. Joe Hartman of Frederic.

Puffer Hits Socialism

R. C. Puffer of Grayling, candidate for the Republican nomination for Congressional Representative from the Tenth District took a swing at the Socialistic trends of the present administration and pointed out that it was a step towards complete Communism as he spoke to the Fifth District Supervisors at Big Rapids last Friday.

"Socialism and Communism, both mean the public ownership and control of the means of production, distribution and exchange. This means the planning of all economic activity by a central authority," the Grayling candidate said.

"Socialism hopes to secure the cooperation of the people with this plan by voluntary methods. In the beginning it may succeed. The people vote or submit to one degree of socialization after another. In time it becomes like a cancer, it grows and hardens and object to the regulations imposed upon them. At that point coercion and cruelty enter and we change the word by which we describe the system from Socialism to Communism. The transition from socialism to communism marks the point of no return," the Republican candidate for Congress declared.

"What a good many socialist-minded people do not seem to understand is that communism uses them to bait the trap," candidate Puffer continued.

"When partial socialization reduces production, destroys the monetary system and brings hard times in accordance with the plans of communism, the trap is sprung. Socialism and Communism are rosy dreams exploited by scheming would-be dictators and their accomplices to betray freedom and subjugate the people," the Grayling candidate forcefully concluded.

During this week, the Grayling candidate will speak in Gladwin and Marion as well as appear in several other parts of the district.

ARCHERY HUNTING FILM AT RIALTO

The fact that Grayling is the world's largest producer of fine archery equipment creates added interest in Howard Hill's color picture, "Tomb Raider," which is shown at the Rialto theatre this Friday and Saturday evening and Saturday afternoon.

The film tells the story of a six month African hunting trip during which a great many species of tropical game are taken with the bow and arrow. These include a leopard, lion, hyena, crocodile, a variety of snakes and finally TEMBO the elephant, for which the picture is named.

Howard Hill, the producer and star of the picture, is well qualified for the unusual exploit. Not only is he an experienced bow hunter and a master of the weapon, but he has spent 15 years making motion pictures in Hollywood. While the bow plays an important part in the expedition the main attraction of the film is reported to lie in the many interesting and colorful scenes of wild life on the dark continent. One of the highlights of the movie is a thrill-packed sequence showing a tribe of Pygmies catching deer with nets.

Dr. and Mrs. Paul E. Bethard of Toledo, Ohio are spending this week at their cabin at Lake Marquette. The Bethards were involved in an auto accident in Flint while enroute here but fortunately were not injured.

Mr. and Mrs. Arthur Plagens and son Marvin and Mr. and Mrs. Glen Schneider and children Danny and Judy visited at the Arno and Bert Plagens home over the weekend.

A Year ago, Memorial Day seventeen soldiers of the Second Division lined up on a takeoff strip for spotter planes near the front line in Korea to receive the decorations from the hands of General Matthew Ridgeway, then commander of the Pacific battle area and now military head of the North Atlantic Treaty Organization. Among the soldiers to be decorated was then Pfc. Stanley "Mike" Mathewson of Grayling.

Last Sunday at the home of his parents, the Earl Mathewsons on the Old Lake Road, the now discharged serviceman was awarded his second medal, the Bronze Star, from the hands of Army Air Force Lieutenant Fred Mazik, office in charge of the Army and Air Force Recruiting Station in Traverse City.

"Mike" who was discharged as a Sergeant First Class, graduated from Grayling High School in 1946 and immediately served in the armed forces for a tour of duty. He was recalled to the service in 1950. In the meantime he had been united in marriage to Jackie Harwood of Grayling, daughter of the Willard Harwoods.

The twice-in-a-year decorated Grayling serviceman received the Distinguished Service Cross on Memorial Day, 1951 from General Ridgeway for heroism in action in early May when the full force of the Chinese offensive was blunted and stopped by the Second Division. The Second Division then quickly turned tables on

the Communists and took the offensive and drove the Red invaders out of South Korea.

The citation accompanying the awarding of the Bronze Star Medal to "Mike" told of meritorious service from June 7, 1951, to October 25, 1951. "As a squad leader and platoon sergeant in Company 1, 38th Infantry Regiment of the Second Infantry Division, Sergeant Mathewson devoted endless hours and tireless energy assisting in the training and instruction of newly assigned personnel, giving freely of his own valuable experience and knowledge. His ability to impart fundamentals of survival to others was of immeasurable value to his company. His loyal devotion to duty and outstanding leadership merit fully added in the training of the troops, expedited reorganization and combat effectiveness of the organization. The service performed by Sergeant Mathewson reflects great credit upon himself and the military service.

The awarding of the medal was at the command of Major General Young, commander of the Second Infantry Division and was countersigned by Lt. Colonel A. J. Corlison, Chief of Staff of the Division.

Announcement of the awarding of the Bronze Star Medal to Mike was first made by Major General William E. Bergin, Adjutant General of the United States Army. The medal appropriately engraved along with the signed citation was forwarded to the Commanding General of the Fifth Army in Chicago, who in turn called upon Lt. Mazik at Traverse City to make the arrangements and to make the award to Mike in a ceremony in accordance with Mike's wishes.

Mike, as everyone knows him is inclined to be a bit shy, and expressed the wish to receive the medal in a ceremony at his parents' home with as little fanfare as possible. Only his immediate family were present but it was a great day for them, especially his wife, Jackie and their little two-and-half year old daughter, Jan.

Lovells News

Mr. and Mrs. Bill Heyworth of Flint are at their cabins on the North Branch for a number of days making ready their cabins for the river for summer rental.

Mr. and Mrs. A. Reed of Saginaw are enjoying a vacation at their lovely summer abode on the North Branch River.

Our sympathy is extended to the Harold Johnson family in the loss of Grandpa Kinsley, whose death came last week at the home of his daughter Mrs. J. Lewis in Croswell, Mich. Mr. and Mrs. Johnson and family were there to attend the funeral. Grandpa Kinsley had visited Lovells many times. He was a grand old man and had reached the age of 94.

The Claude Smith family of Saginaw together with their two grandchildren spent a few days at their cabin on Big Creek.

Grandma Bills and her boys of Saginaw were at the Bills' cabin over the week-end. Grandma Bills just recently celebrated her 93rd birthday. The boys do the fishing but Grandma is the only one who can cook those trout right. Then besides if she didn't come, who would do the rest of the house work, none other but that grand old lady. Grandma Bills.

Our entire community has and is saddened by the serious condition of Edgar Caid, who is still at Mercy Hospital in Grayling.

Rev. H. T. Sebree and family of Platteville, Wis., visited friends in Grayling and Lovells the past week. Rev. Sebree was called to the bedside of Edgar Caid in Mercy Hospital.

Dr. Wm. T. Shannon is enjoying a number of days at Shamrock Shanty.

A Horse Race

The struggle for the Republican presidential nomination has really become a horse race. To all practical purposes, General Eisenhower and Senator Taft are running neck and neck so far as solidly pledged votes are concerned. Some eager partisans on both sides still claim that their man has a commanding lead and that the prize is practically in the bag but this is the sort of wishful thinking that is ever a part of the great game of politics.

Eisenhower is strongest along and near the Atlantic seaboard—as his extremely impressive victory in Massachusetts demonstrated. Taft, on the other hand, pulls his greatest weight in the mid west and parts of the south. The Eisenhower camp was particularly elated by the fact that he attracted many Democratic voters in the Bay State primary. This, they argue, should be the clincher, on the grounds that no G. O. P. candidate can win the presidency without cutting deep into the ranks of the Democratic and independent voters.

In any event, nothing has been decided. It is perfectly possible, for example, though not probable, that by convention time either Taft or Eisenhower could have enough delegates (603) to get the nomination on the first ballot. It is also perfectly possible that they would be so nearly equal in strength as to make the nomination of either impossible, and so force the choice of someone else. This last possibility, however, now seems very unlikely.

There is one facet to this race that has some cool heads worried. Bitterness is beginning to appear among both Taft and Eisenhower supporters. There is a tendency to get down into the political mud and start slinging it. The cool heads believe that the respective campaigns for the nomination should be conducted on a high political level, as political levels go.

Emil Peltz
Legislature
Candidate

Rep. Emil Peltz of Rogers City will be a candidate for renomination to the important office of state representative in the legislature. Rep. Peltz made this decision following a survey in which leading republicans in the several counties which make up the Presque Isle district expressed a strong urge for his continuance in office. In the four terms he has served Rep. Peltz has become a leading and influential figure in the representative halls and his experience will be a very valuable asset for the district.

His announcement, which would have been made some days ago, was withheld because of his hospitalization for an appendectomy. He left the hospital Saturday and made his decision shortly afterwards.

"While my recent illness was apparently acute," said Rep. Peltz, "I feel that it has been contributory to my ill health of recent months and now that is behind me I am feeling more like myself."

Rep. Peltz has always been an energetic worker. His ability was recognized early in his first term and he rose rapidly to an influential position. He has served on the most important legislative committees and has been a leader in battles for legislation which has been important to his district as well as the state as a whole. He has been readily available to his constituents and has given material assistance to the district in many ways. He will find a very united support for his renomination. — Presque Isle County Advance.

TO HOLD OPS

An OPS representative will again be present in Grayling, on Thursday, May 29, between 9 to 11 a. m. in the Council Room, of the City Hall, to advise local merchants on OPS regulations and requirements, it was announced today by Sidney N. "Our representatives have found," said Woolner, "that many merchants still seem unaware of many provisions of the regulation covering the sale of services. We are making every effort to advise them before turning the matter over to our enforcement division." It was pointed out by Woolner that many inquiries have been received in Detroit from members of the boat livery trade and they are being issued a special invitation to consult with the OPS representative regarding ceiling prices in their industry.

Your Milk
The automobile has changed our way of living more than any other single invention. With the five day work week and fast transportation gives the tourists plenty of chance to spend the weekend in our country. After school is out and summer comes many tourists are with us from then until Labor Day. Let us greet these good people with a smile. We must not overlook the fact that the last does not come first. Before we get the money we must do the work.
The automobile and modern machinery have also kept pace with the times. In Washington's time it required seventy-five per cent of the population on the farms to produce the nation's food. At the present time it is just the reverse. Just to remind you Hunter's Aulsebrook Dairy sells milk produced in Crawford County. Try some.
